Our Money in Bank

The publication of the Stanton bank report in last week's issue and of the Clay City bank's report in this issue, reveals the fact that there are on deposit in these two banks \$34,713.52. The population of Powell county is just a little the rise of 6,000. This makes at least \$100 cash on deposit for every man, woman and child living in the county. This is above the average for the whole country. In addition to this saving hundreds of thousands go yearly into the Bluegrass section for lands at a fancy price, thereby helping to swell the tide of wealth in those counties.

If all the wealth created in Powell county by Powell county people in the past few years was still with us, our county would be the richest per capita of any in the state. But by far the larger part of this wealth is gone to enrich other counties. And there is yet a continual stream of people going from our county to the Bluegrass taking their money there and leaving others of us to recreate this wealth only to do as they have done, take belongings and go below. This should not be.

And this reminds us that our people are down there building roads and helping to make a great and important country, while they should stay at home and do these very things for home and home people. Think of this before you decide to leave Powell.

Chautauqua Circle

The Chautauqua reading circle of Clay City held its meeting on Monday evening, January the nineteenth, at Dr. Martin's.

The book being studied at present is "A Mexican Journey" and it was an interested group who discussed, Mexico, the Mexicans and some Mexican cities.

The next meeting will be with Mrs. McGuire on Monday, January the twenty-sixth, at 7 o'clock. Subject, Mexico City and sight-seeing at the Capital.

Those interested in good reading are cordially invited to be present.

Elder Crowe Leaves for Kansas

Elder R. T. Crowe, of Stanton, left yesterday for Minneola, Kas., to take charge of the Christian Church at that place. The good people of Powell regret the loss of Bro. Crowe from their midst. We commend him to the people of his western home, and wish for him prosperity in his church work there.

Another Tide

More rain again and another tide in the river. A heavy sleet greeted us this morning. This sleet is said to have broken down a number of trees in some sections. But it is said sleet brings a good fruit year. We then welcome the sleet.

Green Flinchum, of Waltersville, is quite sick with typhoid fever. His family has all been vaccinated against the disease.

Officers of the I. O. O. F. Lodge

The I. O. O. F. order of this city in their recent election of officers chose the following:

G. W. Kirk, N. G.;
C. L. Russell, V. G.;
J. W. Hendricks, R. Sec.;
J. M. Easterling, F. Sec.;
A. P. Johnson, Treas.;
O. F. Rogers, Warden;
Charley Duncan, Conductor;
Elza Williams, Chaplain;
Tuck Bush, S. G.;
Sid Townsend, O. G.;
O. L. Night, L. S. N. G.;
D. B. Hurt, R. S. N. G.;
Ramon Knight, R. N. G.;
L. P. Keith, L. N. G.;
Jeffie McKinney, R. S. V. G.;
James Ireling, L. S. V. G.

Sells Protected Check Book

Elder L. F. Martin is putting on the market a protected check book. The check is of such nature that to write a check you must protect it. All other protecting devices are at the option of the writer, but with this book it is not so, to write a check is to protect it whether you intend to do so or not.

Sell Saw Mill

John P. Ringo and G. B. Leach have sold the saw mill they have been operating for some time near Waltersville to C. C. Curtis and son of Virden. The mill will be moved to the farm of Mrs. Smitson near Virden.

Two Typhoid Cases

James Mackey is ill of typhoid fever at the home of his grandfather, P. D. Broadus on Miller's Creek, Estill county. His mother, Mrs. Oscar Mackey, of this city, is at his bedside.

J. M. Williams to Carlsbad

Mr. J. M. Williams, of near Stanton, who has been a severe sufferer from rheumatism for the past several weeks, was taken last week to Carlsbad Springs, Dry Ridge, Ky.

Buys Farm Near Stanton

J. R. Stepp has purchased of Jeff Martin his farm across the river from Stanton for \$4,500.00. There are 120 acres in the place of which thirty acres are bottom land.

We are "Agin" It

There is a proposition up at Frankfort to issue 75,000,000 in bonds for state improvements. We oppose, and are glad to know it will, if offered, be referred to a vote of the people.

Locates in San Francisco

Henry Hendricks, who was discharged from the navy last September, has taken a position as salesman with a large shoe store in San Francisco, Calif.

Sells Farm

John P. Ringo has sold his farm of 70 acres on the new gravel road near Waltersville to Ballard Begley for \$1,000.

John W. Williams, of Stanton, who was recently thrown from a horse and badly injured in both shoulder and hip, is not improving as fast as his friends would like to see.

The Clay City Garage

Edmon Burgher, who left last fall and went to Detroit, Mich. and attended the Michigan Automobile School, has graduated from that institution and is now working in one of the largest automobile factories there. To carry out his intentions as stated in the Times when he left, he will return to Clay City in the Spring and operate a garage which will be the first for Clay City. A building for this purpose will be erected across the street from Eaton & McGuire's store. He will handle all kinds of automobile accessories and do repair work of all kinds. He will also have the agency for one of the leading cars of the country.

The Best Light

We have headed this article "The Best Light" after having tried out our new acetylene light in the print shop. Electric lights may be handier in some ways, but the acetylene is their equal for lighting, and they can be regulated from a dim light to the very brightest, soft white light, so soft as to not hurt the eyes. This light is cheap to install and cheap to operate, we learn. It can also be used for cooking and heating purposes. For particulars see J. R. Stone who owns the county right of Powell and Estill counties.

Times and Courier-Journal

Subscribers can get the Clay City Times weekly and the Courier-Journal daily one year for only \$5.00. The Louisville Times daily, night edition, and this paper for \$5.00. This is the price of the Louisville papers alone. Every body needs a daily paper and the Courier-Journal or Times just fills the bill. Send the money to us and we will get the paper for you. If you are paid a year ahead for this paper send only the remainder of the price, \$4.00.

Remittances Coming In

We have finished sending statements to all subscribers of The Times not paid in advance, and returns are coming in very satisfactory, and only three discontinuances to date. The best wishes for the paper is manifested by such prompt returns. Nothing could come in any handier than this change at this time when it is necessary to build a home for the paper. He who pays at this juncture really pays twice.

Twelve Hundred Per Acre

No, not that much per acre for the land, but that much for the tobacco that grew on one acre of Mercer county land is what John Cavanaugh Cox, a lad of sixteen, realized when he sold his crop recently according to the report of the Burgin Independent.

Buy Farm

Jordon and Rarkin Barnett have purchased the James Harrison farm of ninety acres near Spout Spring for 2,100. Possession March 1st.

Miss Ethel Duncan and Miss Eula Shattuck, and Messrs. Charlie Duncan and Harry O'Rear attended a famous motion picture show at Winchester Wednesday night.

Clay City Bank Report

In this issue appears a report of the Clay City National Bank answering a call of the comptroller of the currency. This is by far the best report ever made by this bank. It shows business amounting to one-half million dollars, lacking less than eight thousand dollars. That there should be such an increase in business in any banking institution of Powell county, looking backward a few years ago, would have seemed only a fairy dream. But it is now a reality.

But, What's The Use?

Delegates from all womens' clubs and organizations in Kentucky are requested to meet in convention at Louisville, January 29th, for the purpose of organizing behind the Federal and State Fair Price Commissions against the high cost of living and profiteering.

County Diploma Examination

The examination for Eighth Grade Graduation and Diploma which qualifies for High School will be held at Stanton, January 30 and 31, 1920.

Dudley Caudell, Supt.

Gasoline and oil have gone up a cent a gallon, as was expected when Jawndee's Christmas gift of one hundred millions was announced.

Why is A Headache?

Various Causes for the Common Affliction

Anemia or Bloodlessness a Very Common Cause

Pepto-Mangan Overcomes Anemia and Tends to Prevent Headaches

When one has an occasional headache it is usually due to some transient or passing cause, such as indigestion, eyestrain, overtiredness, etc. When, however, one suffers from frequent periodic headaches there is always some special reason for it. Among the most common of such reasons is Anemia or Bloodlessness. This condition is especially frequent among girls and young women and those whose occupations or habits of life keep them too much indoors. The one important necessity in such cases is to build up the quantity and quality of the weak and watery blood. Gude's Pepto-Mangan is exceptionally valuable for this purpose. It increases the number and improves the quality of the red blood cells, those vital little bodies which carry nutrition to all parts of the body. It improves the appetite, imparts color to the face, and restores health and strength to the body generally. After a short course of Pepto-Mangan the headaches decrease in frequency and severity, and finally disappear, if they are due to Anemia. Pepto-Mangan may be had either in liquid or tablet form, as preferred. When buying Pepto-Mangan be sure the name "Gude's" is on the package. Without "Gude's" it is not Pepto-Mangan.

Acetylene Gas Lights Are Best of All

For Economy Convenience and Brilliancy.

The Light that Does not "Come and Go" nor "Rise and Fall" But is always Steady and Cheapest next to Daylight only.

The Hawkins' Acetylene Gas Generator

Is the BEST and SAFEST of any on the market. This Generator is now being introduced in Powell, Estill and Lee counties by me who will be pleased to explain the advantages of a Private Gas Plant for Lighting, Cooking, Ironing Etc., and the excellency of the HAWKINS' PATENTED GENERATOR for producing this gas from Carbide of Limestone which makes SUPERIOR LIGHTING cheaper than coal oil lamps. Can sell and install complete for one fourth the cost of small electric outfits. Then you have the convenience of gas for summer cooking.

While introducing this light in the above mentioned counties, will have headquarters in Clay City, and will be pleased to have you look me up if you are thinking of having an improved Lighting system installed in your home, business house, office or church. Inquire for me at the Company Store or at the Times office where our plants have been sold.

Yours for Better Lights in Every Home.
